Still here to support the acting community, we were finally accessible in China again from a few months ago. Now the SAA needs volunteers to help maintain the site to keep it going as a resource for the acting community in Shanghai.

The SAA original weekly event "Acting up" (old event listing) has been kept alive by the kind folks over at East West Theater company.

Now though, the aim of the SAA is primarily to help foreign talent both in Shanghai and China. For any of you that wish to keep this site going, please contact the SAA team.

Hopefully this site can remain a useful resource in the future, through all of our help.
